Single Source Technologies (SST)

Distributor:

SDS REPORT

BEDRA VIETNAM COMPANY LIMITED

:

B5,B6 SONG KHE - NOI HOANG INDUSTRIAL ZONE,SONG. KHE VILLAGE,BAC GIANG CITY, BAC GIANG,PROVINCE,VIETNAM

MSDS Report No.	::	SDS20181118UC	P.O. Box 8003
Compilation Date		Nov 18th, 2018	MASON, OH 45040-8003 USA
Sample Name		EDM Wire	TEL: 973-2227-6601
End Use		Metal cutting	FAX: 973-227-6605
Composition/Ingredient of The Sample Service Requested	:	See Section 3 on the SDS Safety Data Sheet (SDS) for withsubmitted composition	the sample

Summary

As per request, the contents and formats of the SDS are prepared in according with US Regulations Relating to Labor 29 CFR 1910.1200(g), and is provided per attached.

intelligent wires

1. Identification

·Product identifier

•Trade name:

EDM WIRE, NON-PARAFFIN Coated wire (GAMMA BRASS PLUS)

•Recommended use of the chemical and restrictions on use

·Application of the substance/ mixture: Metal cutting

·Details of the supplier of the safety data sheet

·Manufacturer/Supplier:

BEDRA VIETNAM COMPANY LIMITED

B5,B6 SONG KHE - NOI HOANG INDUSTRIAL ZONE,SONG. KHE VILLAGE,BAC GIANG CITY, BAC GIANG, PROVINCE, VIETNAM

Tel: + 84382232962 Email:willy@bedra.hk

•Further information obtainable from:

BEDRA VIETNAM COMPANY LIMITED

•Emergency telephone number

Willy Gao Tel: + (852) 3520 0718

2. Hazard(s) identification

·Classification of the substance or mixture:

The product is not classified according to OSHA Hazard Communication Standard (29 CFR 1910. 1200).

·Information concerning particular hazards for human and environment:

The product has not to be labeled due to the calculation procedure of OSHA Hazard Communication Standard (29 CFR 1910.1200).

·Classification system:

The classification is according to the latest edition of OSHA Hazard Communication Standard (29 CFR

1910.1200) and extended by company and literature data.

·Label elements

Labeling according to OSHA Hazard Communication Standard (29 CFR 1910.1200)

·Hazard pictograms: Not applicable

•Signal word: Not applicable

igent wires ·Hazard-determining components of the labeling: Not applicable

·Hazard statements: Not applicable

·Precautionary statement: Not applicable

•Hazards not otherwise classified (HNOC): No further relevant information available.

3. Composition/information on ingredients

·Chemical characterization: Mixtures

•Description:

(

Mixture of the substances listed below with nonhazardous additions.

Safety Data Sheet 29 CFR 1910.1200 Trade Name: EDM Wire

Page 2 of 7 Revision Date: Dec 20, 2016 Print Date: Dec 20, 2016

·Components:		
CAS No.: 7440-50-8	Copper	62.0~65.0%
CAS No.: 7440-66-6	Zinc	35.0~38.0%

Remark:

This product is solid, so zinc (CAS No.: 7440-66-6) is not classified according to OSHA.

4. First aid measures

·Description of first aid measures

After inhalation: Supply with fresh air. Consult doctor in case of complaints.

After skin contact: Wash with water. If skin irritation occurs: Get medical advice/attention.

After eye contact: Rinse eyes with water. If eye irritation happens: consult a doctor.

After swallowing: Rinse out mouth with water. Call a POISON CENTER or doctor/physician if you feel unwell.

·Information for doctor

•Most important symptoms and effects, both acute and delayed: No further relevant information available. •Indication of any immediate medical attention and special treatment needed: No further relevant information available.

5. Fire-fighting measures

•Suitable extinguishing agents: Use the suitable extinguishing agent surrounding condition.

•Special hazards arising from the substance or mixture: No further relevant information available.

·Special protective equipment and precaution for firefighters

Protective equipment:

Wear fully protective suit.

Mouth respiratory protective device.

6. Accidental release measures

·Personal precautions, protective equipment and emergency procedures:

Ensure adequate ventilation.

Use respiratory protective device against the effects of dust.

Take care of the sharp edge and corner.

•Environmental precautions:

Do not allow large or undiluted of the product to enter sewers/surface or ground water.

Inform respective authorities in case of seepage into water course or sewages system.

Do not allow to enter sewers/surface or ground water.

•Methods and material for containment and cleaning up:

Pick up mechanically.

Ensure adequate ventilation.

Dispose contaminated material as waster according to item 13.

Page 3 of 7 Revision Date: Dec 20, 2016 Print Date: Dec 20, 2016

7. Handling and storage

·Handling

•Precautions for safe handling:

Ensure good ventilation/exhaustion at the workplace.

Avoid formation of dust.

Wear protective gloves and clothing.

Information about fire and explosion protection: Normal measures for preventive fire protection.

·Conditions for safe storage, including any incompatibilities

•Requirements to be met by storerooms and receptacles:

Store in a cool, dry and well-ventilation location.

·Information about storage in one common storage facility:

Do not store together with strong acid, strong oxidizing agent and water.

•Further information about storage conditions:

Store in a cool, dry and well-ventilation condition.

8. Exposure controls/personal protection

•Components with limit values that require monitoring at the workplace:

1 CAS No.: 7440-50-8 Copper

OSHA-PEL:

General Industry: 0.1mg/m₃TWA

Construction Industry: 0.1mg/m3 TWA

Shipyard Employment: 0.1 mg/m3 TWA

NIOSH-REL: 0.1 mg/m3TWA

ACGIH- TLV: 0.2 mg/m3TWA

Additional information: The lists that were valid during the creation were used as basis.

•Based on the composition shown in section 3, the following measures are suggested for occupational safety measure.

•Appropriate engineering controls:

Handle in accordance with good industrial hygiene and safety practice. Entwice Wines Wash hands before breaks and at the end of work.

See section 7 for information about design of technical facilities.

•Personal protective equipment:

•Breathing equipment: Suitable respiratory protective device recommended.

•Additional information: The lists valid during the marking were used as basis.

·Protection of hands: Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture. Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation.

•Material of gloves:

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As composition, the resistance of the glove material can't be calculated in advance and has therefore to be checked prior to the application.

•Penetration time of glove material:

The exact break trough time has to be found out by the manufacturer of the protective gloves and has to be observed.

•Eye protection: Safety glasse

Kinematic **•Other information**

9. Physical and chemical properties

·Information on basic physical and chemical properties Appearance: Form Solid Color Grey yelllow **Odor Odorless Odor threshold** Data not available ·pH-value Data not available •Change in condition Data not available Melting point/melting range Boiling point and boiling range Data not available •Freezing point Data not available Data not available ·Flash point: Data not available ·Flammability (solid, gas) ·Decomposition temperature Data not available ·Self-ignition Product is not self-ignition. •Danger of explosion Product does not present an explosion hazard. •Explosion limits Lower: Data not available Data not available Upper: Data not available •Oxidizing properties Data not available ·Vapor pressure Data not available •Density Data not available ·Relative density Data not available ·Vapor density Data not available •Evaporation rate ·Solubility in/Miscibility with Water Data not available Data not available ·Partition coefficient (n-octanol/water) ·Viscosity Not available Dynamic

Not available

Data not available

Page 5 of 7 Revision Date: Dec 20, 2016 Print Date: Dec 20, 2016

10. Stability and reactivity

•Reactivity: No decomposition if used according to specification.

·Chemical stability: Stable under recommended storage conditions.

·Possibility of hazardous reactions: No further relevant information available.

•Conditions to avoid: No further relevant information available.

·Incompatible materials: Strong acid and strong oxidizing agent.

•Hazardous decomposition products: No further relevant information available.

11. Toxicological information

•Acute toxicity

·LD/LC50 values that are relevant for classification: No further relevant information available.

•Primary irritant effect

•On the skin: Irritating effect possible.

•On the eye: Irritating effect possible.

·Sensitization: Sensitization possible

Additional toxicological information:

The product is not subject to classification according to internally approved calculation methods for preparations.

·Carcinogenic categories

·IARC (International Agency for Research on Cancer): None of the ingredients is listed.

•NTP (National Toxicology Program): None of the ingredients is listed.

·OSHA-Ca (Occupational safety & Health Administration): None of the ingredients is listed.

·OSHA-Ca (Occupational safety & Health Administration): None of the ingredients is listed.

12. Ecological information

Toxicity

•Aquatic toxicity: No further relevant information available.

•Persistence and degradability: No further relevant information available.

•Bio-accumulative potential: No further relevant information available.

Mobility in soil: No further relevant information available.

·Additional ecological information

•Other adverse effects: No further relevant information available.

13. Disposal consideration

·Waste treatment methods

•Recommendation: Small quantities can be disposed of together with household garbage.

·Un-cleaned packaging

•*Recommendation:* Dispose of contents/container in according to the local/regional/national/ international regulation.

14. Transport information		
·UN-Number		
DOT, IMDG, IATA	Not applicable	
·UN proper shipping name		
DOT, IMDG, IATA	Not applicable	
•Transport hazard class (es)		
DOT, IMDG, IATA		
Class	Not applicable	
Label	Not applicable	
·Packing group		
DOT, IMDG, IATA	Not applicable	
·Environmental hazardous		
Marine pollution	No	
•Special precautions for user	Not applicable	
•EMS Number	Not applicable	
·Transport in bulk according to	Annex	
II of MARPOL73/78 and the IB	C Code	Not applicable
· UN "Model Regulation":	-	

15. Regulatory information

Safety, health and environmental regulations/legislation specific for the substance or mixture Sara

•Section 355 (extremely hazardous substances): None of the ingredients is listed.

•Section 313 (Specific toxic chemical listings): None of the ingredients is listed.

•TSCA (Toxic Substances Control Act): All the ingredients are listed.

•Proposition 65

•Chemicals known to cause cancer: None of the ingredients is listed.

•Chemicals known to cause reproductive toxicity for females: None of the ingredients is listed. •Chemicals known to cause reproductive toxicity for males: None of the ingredients is listed.

•Chemicals known to cause developmental toxicity: None of the ingredients is listed.

·EPA (Environmental Protection Agency): None of the ingredients is listed.

•TLV (Threshold Limit Value established by ACGIH): None of the ingredients is listed.

•NIOSH-Ca (National Institute for Occupational Safety and Health): None of the ingredients is listed.
•OSHA-Ca (Occupational Safety & Health Administration): None of the ingredients is listed.
•National regulations

•Water hazard class: Water hazard class 1 (German Regulation) (self-assessment): Slightly hazardous for water.
